SENIOR CLASS HISTORY

In the fall of 1944, six bright freshmen students started to broaden their education at Quincy High School. They were Jack Buffington, Lester Drake, Clifford Karraker, Jean King, Betty Vaughn and Wilma Watts.

Their sponsor was Mr. Boulard. No class officers were elected. Jack Buffington, Lester Drake, Jean King, and Wilma Watts went out for basketball. There were two members lost during the freshman year, leaving Betty, Jack, Jean and Lester to carry on as sophomores during the sophomore year. That year we lost one but gained two, Colbert Tuller and Dorothy Skinner. Colbert and Jean were in the Senior play "Fredrick". All of the sophomores went our for basketball that year.

During the fall of 1946 only one of our class appeared for the junior year. Betty Vaughn was the sole member of the junior class. Betty went out for basketball and was also a member of the student council.

The year of 1947 Betty and Forrest Cheever appeared to be the two seniors. Jack Buffington will also graduate with them in the spring.

JUNIOR CLASS HISTORY

In the fall of 1945, seven young freshmen appeared in Quincy High School. They were Laverna McKight, Phyllis Puckett, Vernilea Shaw, Ernest Bogle, Bob King, Paul Reynard, and Don Fuhlhage. That year, two freshmen, Bob King and Vernilea Shaw were in the senior play, "Frederick". All members of the freshman class played on the basketball teams.

The next year there were eight bright sophomores. We lost one classmate, Ernest Bogle, but in turn gained two, Maxine Savage and Marie Booth. We started the school year by electing class officers as follows: President, Phyllis Puckett, Vice-President, Laverna McKnight; Secretary, Vernilea Shaw; and Treasurer, Don Fuhlhage. We chose Miss Mitchell as our sponsor. Again this year all members played on the basketball teams and some on the softball team. Two members, Phyllis and Vernilea served on the Student Council. Laverna, Vernilea and Phyllis were reporters on the staff of the Quinsonian. There were seven members on the Quincy Gazette staff.

In the fall of 1947 nine happy students appeared at Quincy High School to enroll as juniors. We gained one new classmate, Beryl Ashlock. We elected class officers as follows: President, Vernilea; Vice-President, Phyllis, Secretary, Bob; and Treasurer, Beryl. We chose Mr. Nogel as our sponsor. All members played on the basketball teams. Our class was well represented on the school paper staff. We placed an order for our class rings and graduation announcements. We are all looking forward to our senior year and hoping for bigger and better things.

SOPHOMORE CLASS HISTORY

In September 1946, Venice Bellman, Bill Grossarth, and Virgil Urton first entered Quincy High School. After an interesting year in which all took part, a pleasant vacation was enjoyed.

In September, 1947, a new member joined our class, Charles Urton. We were glad to welcome him as he is a good student in class and also a help in all athletics. The second semester of the year found for us an empty chair as Bill Grossarth moved to Topeka.

We believe investigation will show that the Sophomore group is always loyal to the best interest of the school and community for we realize there is no better way to help ourselves than to help build community and school spirit.

The Sophomores were happy to have the leadership of Miss George as class sponsor.

CLASS OF 1951

In September 1947, there entered the Quincy High School six young men and two young ladies who we believe, will not only maintain what is being done but will help to make the school better each year. ''Not how much, but how well'', is our motto.

Early in the year our class joined the Sophomores in sponsoring the year book contest against the upper classmen. The lower classmen won by a close margin and we wish to thank all who purchased the year book and thereby aided in this project.

The Freshmen gave a party for the high school. We served the evening meal and furnished transportation to the skating rink at Eureka.

All members of the class are interested in sports. The class roll is Max Ashlock, Johnny Champ, Daryl Esslinger, Wayne Grubb, Charles Hoggatt, John Savage, Zelda Ward, and Dolly Watts.

LOCAL HUMOR

JOHN NOGEL had had a good week and thought he would buy his wife a present so he picked up the table, carried it out of the house, put it on top of his head and trotted off down the road with it.
CLARENCE WARD met him and said, "you movin' John?"
NOGEL, "no, I'm going to buy the Mrs. a tablecloth."

***

A bus driver in Kansas City asked JUNE BISAGNO how old she was and JUNE replied, "if you don't mind, I'll pay the full fare and keep my personal statistics to myself."

***

FATHER: "Why were you kept in at school?"
VIRGIL: "I didn't know where the Azores were."
FATHER: "Well, in the future just remember where you put things."

***

MAX ASHLOCK, arriving an hour late for school one morning was greeted by MR. NOGEL as follows: "Well Max, what's your story this time?"
MAX: "Well Mr. Nogel, my sister was afraid of the storm last night and turned the mirror on the mantelpiece around to the wall. When I came downstairs this morning I couldn't see myself in the looking glass, and naturally, I thought I'd gone to school!"

***

RAY KING had been to a birthday party, and, knowing his weakness, his mother looked him straight in the eye and said, "I hope you didn't ask for a second piece of cake?"
"No," replied RAY, "I only asked MRS. CHAMP for the recipe so you could make some like it, and she gave me two more pieces just of her own accord."

MORE LOCAL HUMOR

MRS. DAWSON: "Bobbie, were you quiet at school today?"

BOB DAWSON: "I'll say so! I went to sleep as soon as I got there, and Miss Gulick said she'd punish anyone who woke me up."

***

DON: "What's the best way to teach a girl to swim?"

PAUL: "That requires technique--first you put you left arm around her waist, then you gently take her left hand and. . . . ."

DON: "She's my sister."

PAUL: "Oh--push her off the dock!"

***

CAP (to very excited lady driver): "Use your noodle lady, use your noodle!"

VENICE: "My goodness, where is it? I've pushed and pulled everything in the car!"

***

They say a student should have eight hours sleep a day--but who wants to take eight classes a day!

***

JOHN SAVAGE: "What did you do with my shirt?"

MRS. SAVAGE: "I washed it, why?"

JOHN: "Oh my gosh--the whole history of Napoleon was on those cuffs!"

***

Little JUDY, a first grader, while walking with her mother, spoke to a small boy. "His name is LARRY and he's in my grade," commented Judy. "What is the little boy's last name?" asked the mother. Judy replied, "his whole name is Larry Sitdown, that's what the teacher always calls him."

BOYS SPORTS

The sports situation for the 1947-48 season at Quincy High School has been greatly improved over that of recent years.

For the first time in several years, Quincy fielded a baseball team this season. The baseball team took fourth place in the county baseball tournament.

The Quincy Basketball team of the 1947-48 season has a better record than any Quincy team of recent years. The team has won close to half of their game's this year. There were twelve boys out for basketball this year. They are: Bob King, Charles Urton, Paul Reynard, John Champ, Beryl Ashlock, Charles Hoggatt, Virgil Urton, John Savage, Bill Grossarth, Daryl Esslinger, Don Fuhlhage, and Max Ashlock. Bill Grossarth moved to Topeka during the middle of the season.

The season's record is as follows:

PROPHECY

New York
January 10, 1978

John Nogel
Athletic Director
Kansas University
Lawrence, Kansas

Dear Mr. Nogel:

We are forwarding you this information in regard to your inquiry of the students and teachers of 1947-48 at Quincy High School.

To begin with Bob King and I (Paul Reynard), are co-owners of one of the largest breweries in the U. S. Our slogan is, "IF YOU DON'T LIKE IT, DRINK IT ANYWAY!" If you remember correctly there were three seniors that year, Jack Buffington, who is now president of the T. W. A.: Betty Vaughn, who is at present a contented housewife: and Forrest Cheevers, who is now president of the Quincy Bus Lines.

Our junior class of that year is doing quite well. Don Fuhlhage is as you've probably already read about, the atomic car manufacturer in Quincy; Laverna McKnight has settled on a little farm north of Quincy and although she has been claimed an old maid, she is still trying to attract the Atomic magnate; Phyllis Puckett is married to Bob and is a ballet dancer on the side, (someone has to make the living when our business is slow). Marie Booth is a professional basketball player and has made All-American for the past twenty-five years. Vernilea Shaw is running for Congress come next election, so don't forget to vote for your old student, and we might emphasize the old. Maxine Savage is doing a dance specialty at "Mazie's Waterfront Walk-Inn" in New York and Buzz Ashlock is chief bouncer at the same establishment.

(continued on next page)

The Sophomores that year were Venice Bellman, who is now one of the Hollywood glamour gals and is known as the "BRUNETTE BOMBSHELL". Virgil Urton has won the title, Mr. America and really has Charles Atlas worried. Chuck Urton is on the radio and is known as "the poor girl's Frank Sinatra."

The Freshmen: Max Ashlock is now one of the leading fur manufacturers of coon skins, he is doing quite well as he paid the government the whole sum of five dollars income tax after deducting his wife and twelve children as dependents; Zelda Ward is now on the loose and hunting for her fifth husband; John Champ is a radio comedian and the best thing about it is that you can turn him off now whenever you please. Dolly Watts grew up to be eight feet tall and is now one of the main attractions with the Barnum and Bailey circus; John Savage is quite a traveler, he is a six-day-bike-rider and he rests on Sunday; Daryl Esslinger is now playing professional basketball with a Chicago outfit; Wayne Grubb is really getting around these days as he is a traveling salesman for the Pichler's Pickled Pickles Company; and Charles Hoggatt is a high pressure salesman in the baby's ready-to-wear department for one of the largest concerns in New York.

Some of the teachers made good and some are still in Quincy. The former Miss Gulick is now holding the title, "WORLD'S HEAVIEST WOMAN" and is now traveling in the same circus as Dolly Watts. Miss Pauline Reade, who has been restored her maiden name again for the fifth time, is now touring the country and playing her fiddle for the "National Barndance Hour". The former Amanda Mitchell is now happily married and living east of Quincy. In her spare time she holds revivals for all the evil-doers within an area of fifty miles. Miss George, who is still in Quincy, is the head director of the largest insane asylum in the world, which is located in the heart of Quincy's huge business district; in her past time she takes care of B. F. Wright. She is expected soon to become a patient. Mrs. Besse Morgan, our 7th and 8th grade teacher for 1947-48, has retired from teaching to take care of her twenty-five grandchildren in Peidmont, Kansas.

Guess that's all the latest so we will close hoping to hear from you soon Mr. Nogel. By the way how are Mrs. Nogel and the eleven boys? So glad to hear that you've raised your own football team.

Your old students,

Paul Reynard
Bob King

BEAUTIFUL FLOWER

In the grass beside the road,
Where many a foot has trod,
Where the weeds and vines grow thick
In the earth's fertile sod.

Blooms a single lonely flower
It's beauty is wonderous to see,
'Tis the flower of nature's love;
It grows there for you and me.

Many a man's walked by
On the lonely rocky road;
And many a man has stumbled,
Under his heavy wearisome load.

Many a man has seen it--
The flower that is growing there,
And many a heart's been lightened,
For the flower is so fair.

That no man can look upon it;
And not new strength attain,
For it's beauty fills the soul
And overcomes the pain.

If you are Sad and lonely,
Weighted down with care;
Search for the beautiful flower,
You'll find it growing there.
